### Work Experience / Projects

#### CWS Portfolio

Oct 2023 - Feb 2024

A dynamic portfolio website for creatives (designers, marketers, etc.) to showcase their work and manage content.

##### Technologies:

HTML, CSS, SASS, Bootstrap, JavaScript, PHP, MySQL.

##### Front End Features:

- Customizable hero section, and user-centric segments for skills, services, and testimonials.
- Navbar and a switch of Light mode and Dark Mode.
- Chat Box and Post Comments.
- Customizable Design System; Typography and Brand Colors.

##### Dashboard:

- Developed views and statistics dashboard.
- Customizable brand colors, Light/Dark mode, and fonts.
- Added cache-clearing functionality.
- Integrated SEO optimization for meta titles and descriptions.
- User-friendly media management system for various formats like images, SVGs, audio, video, and documents.
- Established management system for effortless control over posts, portfolio projects, blog posts, and pages.
- Integrated category management for streamlined content organization and integration with email and comments.
- Successfully incorporated chatbot functionality, offering options such as WhatsApp Business, Crip Chat, and Tidio for enhanced user interaction.

#### Donghua World

Dec 2022 - Aug 2023

[www.donghuaworld.com](http://www.donghuaworld.com) is a free anime website where users visit to watch anime online.

##### Technologies:

WordPress, HTML, CSS, JavaScript, PHP.

##### Theme Customization:

- Redesigned sidebar widget sections: Popular series, Ongoing series, Genres
- Added a new FAQs page and customized schedule page (<https://donghuaworld.com/schedule/>)
- Small Bugs Fixes

##### Chrome Extensions:

MultiSub Uploader; this extension allows admin to upload multiple subtitles simultaneously on video streaming servers (Vidhide, Streamwish and File Lion).
